“ *To the family of Daniel....He was a good friend of mine and had a wonderful sense of humor, in which he would have me laughing as soon as I shook his hand. He was also an intelligent and caring man and he had my utmost respect. I shall miss him as I continue to trudge the road of happy destiny. You have my thoughts and prayers.....jim harrington*

I will miss you my friend. We had so much in common. I will never forget how you made me laugh, we were both 14, hanging out on my front porch. Loved you then and always -- Sue
