

David Glenn Metcalf

February 25, 1962 - December 29, 2014

Private

Tribute Wall

HE

“ Sorry for your loss I've known David since I was 6yrs old, he ran home and told his twin sister, he met a kid with a tether ball. As we grew older went on life journey we would run into each other every now and then. Talk about what we've been up to and go our separate ways. Lots of childhood memories that I'll always remember and know that life is so unexpected. God Bless You, And Your Family
