“ I have known Dave for about 10 months - He was always wonderful to speak to and loved to tell jokes. He was always good at encouragement and we have spoken many times on the phone and became friends. He liked the Santa tractor and guitar ornament I sent him and I asked him to wear the cross I sent him - I am so glad I met him. - I will miss him - Renee Lucchese, Poughquag, New York.

He was an awesome Guy. He stepped in as my father figure when i was 7 years old.
When he passed, I told myself.. I will never pick up a cigarette again for the rest of my life. He was taken too soon. :(Love him. He will be missed
