*“ Dora, we all miss you so much. I hope you know how much you meant to me, my sister. I was so proud of you. You always tried your best even though your life wasn't easy. You always had a smile on your face and made everyone laugh. I am so blessed to have been able to see you more these last few years. From the very beginning, until our final moments together, through all of life's ups and downs, we were always there for each other. I will always love you. And you will always be with me, because love never dies.*
