“ I will miss Glen. He was one of the best people that God put on this earth. I had been looking forward to working with him on the school board. I didn't know him as well as I wish I had and was looking forward to knowing him better, But even though he really didn't know me, over the last twenty five years he always remembered my name and asked about my kids that he, by the grace of God, at one time or other had to deal with. . Thank you Glen for your life. you made it better. You will be missed
