

## James W. Chalmers

May 9, 1943 - October 7, 2021

Dear family and friends -

As many of you know, our dad, Jim Chalmers, has passed away. We miss him terribly. But as we mourn, we are also comforted by our memories, by the daily reminders of all the things he taught us, and by your many messages.

Dad loved fishing, golfing and being outdoors. He served Rotary and talked often about the Marysville chapter's project to digitize the archives of the Yuba-Sutter newspapers, which reflected another of his great interests: history.

We are grateful for the times we had together. He ended every conversation by telling us he loved us. We know he helped many people, but we usually never heard about it from him, because dad was not a man to make grand public gestures. His tendency was toward thoughtful, kind acts: taking the time to send us a newspaper or magazine clipping about something we liked, or calling to follow up on something that had been on our minds.

We know that his golf, fishing and Rotary peers are just a fraction of his community. We hope to get to know more of the members of that community, and we invite you to share your memories and stories with us here.

With gratitude,  
Christy and Jenna

“ My big brother Jim, what can I say? A whole lot!! Jim was always kind to me, being 8 years older he still found time for me. He taught me how fish and at times would take me with him and his friends up to Cherry Hill, and Butte Meadows. Dad would drop the boys off and all of us would do some fishing. then Dad and I would leave, the boys got to stay 2 whole nights and camp.. I would have such a FIT over not being able to stay, cry and carry on so. When we had a home in Bolinas I could tag along with Jim on their Beach Patrol. They had two old Army jeeps and would race up and down the beach, they were lucky that they never ran anyone over, or I fell out. Jim had a wonderful sense of humor, witty and dry, and at times very subtle. I can only remember Jim being kind. I loved Jim and will miss him so very much. Little sister Laurie

“ Jim was the best brother a girl could have ! The most sweet loving person. Jim had the best sense of humor, such a pleasure to be with. He loved so many things especially the outdoors , fishing , golfing, and hiking. Jim also LOVED Cats ! He would call me and give me the latest episode of his cats adventures. Oh~ How I am going to miss him.  
May our happy memories of Jim bring peace to family and friends.  
I love you Jim....

“ *My memories of uncle Jim always include a smile on his face and a fish story on his lips. I wish I had the chance to be part of more of those stories. I loved being around him and will miss him.*

*He was so pleased to catch up with you when you contacted him while you were evaluating property at Little Grass Valley. I would share the bits and pieces I knew about you and your brothers and parents. He was always happy to hear those and expressed his best wishes right back!*

“ Jim and Mary were some of the first friends we made when we moved to Yuba City. We were neighbors in Walnut Woods and Mary and Sally were both pregnant. They delivered John and Jenna three days apart. Both families made the decision to build in Wilder Estates and we shared the years there when the kids were young. Jim was my CPA for most of my years of practice. Jim and I were roommates on fishing trips and caught fish together from British Columbia to Costa Rica. We enjoyed the Wine Train as well as time in Mexico with Arla and Jim. When I remember Jim I think of a friend who was simply a good guy. He was always enjoyable to share time with. His quiet sense of humor was his trademark. Our sincere condolences to Arla, Christy and Jenna. Herb and Sally Brannen

We have so many wonderful memories with your family! I remember going to your lot in Wilder Estates to see “the beam” when it was delivered. And playing football, swimming and shooting hoops with Robert and John. Also, the time you hosted a luau with a pig roasted in the ground - I thought I hit the jackpot getting to play on your awesome swing set while dad took his turn monitoring the roasting pit. Thanks for the pictures, and reminding me of those times! Christy

“ Jim was a great friend and a great fisherman. I always enjoyed spending time with him on our annual Bailey Creek fishing trips. He will always be a special member of "The Usual Suspects". this is one of my favorite photos from our 2018 trip. He loved that chocolate mousse, his was almost half gone before I got mine.

That's a familiar face! He had the same expression when we finished his birthday of hiking and exploring at Bridgeport with ice cream at the convenience store by where we parked.
