“ I love you Jennie I miss you mom. You showed me what a mom should be. When I got out of prison you loved me unconditionally and helped me get my life together. I will miss you forever. I'm sorry I wasn't there to say goodbye to you. I love you and think of you everyday. You will always have a special place in my heart. Love always, Miles.

Rose Straka

“ I have so many memories of you. You riding Lark and me on Scooter. So many great trail rides. A time when riding a horse and packing was normal. You taught me to ride. Walt taught me barrel racing. I will never forget Marylou, (a chicken) that would only lay eggs sitting in anyone's lap. Loved the funny farm. Never a dull moment. I'll miss your long winded stories, your creativity, and your unconditional love. Thanks for being my friend.
