

## Robin Williams

July 21, 1951 - August 11, 2014

Family and close friends of Robin Williams are gathering in the San Francisco area for what is expected to be a small, intimate funeral for the tragic funnyman.

“It’s not official yet, but that’s the plan,” a source familiar with the arrangements told E! News.

“It will be small. They were both very private people,” the source said of Williams and his widow, graphic designer and painter Susan Schneider.

He had three children — Zelda, 25, Cody, 22, and Zak, 31 — by two ex-wives.

The beloved comedian got his start in San Francisco and lived in the small community of Tiburon, a 30-minute drive away.

A second, more public memorial — a comedy benefit — is being planned.

“ *The world is so much better for having known Robin Williams and his genius. I think his kind heart shined through in every role he played. How many people in the world will be missed by so many who they've never even met?* ”
