“ *Such a beautiful person inside and out. There will never be another Roylee around. You were always an amazing friend to everyone you met, uncle to my children, cousin to the dozens of kids and adults, brother and some much more. I find comfort in knowing your with mom once again and age is looking after you. No more pain and suffering. I love you so much brother...*

Cindy, I send to you and your dad my heartfelt condolences. I had no idea until right now. I had been thinking about him since his birthday last month. I entered his name in hopes of finding him on Facebook, but instead, I found his obituary. I am so saddened and heartbroken upon hearing of his passing 18 months ago. Please give your dad my condolences, as I know how much he loved his son and how close they were. Helene
